Membership

The member firms share an aspiration to provide the best service to clients throughout Europe's legal systems. Through recommending expert lawyers with strong international connections we are able to provide an array of services that one firm alone would not have the capacity to do.

Membership Criteria

Members should ideally be transactional with an international focus, and a full service offering. They should be situated in at least one major city of the jurisdiction in which they practise. Members must have an active interest in functioning as part of a pan-European Network and be prepared to adhere to the highest standards of practice and client satisfaction. Referred clients of other Member Firms must be treated in the same manner as their own.

It is not a requirement that membership of InterAct Europe is an exclusive Network membership at the time of joining, but priority will be given to those Firms who are prepared to treat InterAct Europe as the primary network for its external referrals. Members should be able to demonstrate a history of referrals of significant matters to Firms in jurisdictions represented by Member Firms. Members are expected to attend the Full meetings of members, taking place twice a year.

Membership Benefits

Members can view and personally contribute to the extranet at www.interacteurope.com and can seek legal advice and assistance from other Members, which should be provided in accordance with the Network agreed Code of Conduct. Members' referred clients are entitled to expect and to receive at least the service levels offered by the referring Firm. They should be provided on reasonable request with reasonable telephone advice and guidance on relevant legal matters within the Network jurisdictions.

Members meet twice a year at full membership meetings of the Network, which comprise business and social associations in some of Europe's most beautiful major Cities.

Membership Fees

New Members are required to pay a small joining fee and all Members pay an annual subscription fee. The Fees are set at the full Members' meetings held twice a year. The Network's financial year runs from 1 May to 30 April. The joining fee for 2011/12 has been set at €1,000 and the full year's subscription at €3,000.
